

SERVICE AGREEMENT

License Hub Web Platform

Field	Detail
Agreement Date	8 May 2026
Client	Oranzibar t/a The Licence Hub (represented by Morne Botha)
Service Provider	David Diener
Platform	License Hub Web Application
Governing Law	Republic of South Africa

1. Definitions

"Agreement" means this Service Agreement including any schedules or annexures attached hereto.

"Client" means Oranzibar t/a The Licence Hub, represented by Morne Botha.

"Service Provider" means David Diener.

"Platform" means the License Hub web application developed and maintained under this Agreement.

"Go-Live" means the date on which the Platform is deployed to the production environment and made accessible to clients of The Licence Hub.

2. Scope of Services

The Service Provider agrees to design, develop, deploy and maintain the Platform as specified in the working specification document (License Hub Web Application Working Specification v1.2 or latest version), which is incorporated into this Agreement by reference.

The scope includes:

- Full client-facing application portal with welcome screen, terms and conditions acceptance and no-cancellation policy
- Multi-step document submission with PDF scanner and photo upload support
- Admin dashboard and document review workflow
- Supplier portal with photo upload capability (full natis and barcode close-up) and status updates
- Paystack payment integration including split payment configuration
- WhatsApp Business API integration: admin messaging panel per application, templated and free-text messages, full conversation history, natis photo delivery to client
- Visual client progress bar and status tracking
- OCR-assisted vehicle detail extraction
- Automated thank you message to client on completion
- Additional charges module
- Data storage with configurable retention period managed by The Licence Hub via the admin panel

- Ongoing hosting, maintenance and support (Option B only)

Scope Changes

Any material changes to scope after agreement signing must be agreed in writing by both parties and may result in a revised fee. Minor enhancements and bug fixes are included under Option B.

3. Delivery and Go-Live

The Service Provider will deliver the Platform within 4 to 6 weeks of the agreement being signed and the setup fee being received, subject to the Client providing the following in a timely manner:

- Paystack merchant account credentials
- The Licence Hub bank account details for EFT display
- Confirmed domain name
- Meta Business account verification and dedicated WhatsApp number for API registration
- Service pricing and configuration details
- Timely feedback during user acceptance testing

Delays caused by the Client's failure to provide the above will not constitute a breach by the Service Provider and may extend the delivery timeline accordingly.

4. Commercial Terms

The following commercial terms apply to this engagement:

- Total build fee: R20 000
- Payment schedule: R10 000 on agreement signing and R10 000 on go-live
- On receipt of final payment the Service Provider will deliver all source code to the Client's nominated GitHub repository
- All platform ownership, including intellectual property, transfers to the Client on final payment
- Monthly running costs (hosting, WhatsApp Business API per-message fees, OCR) are the sole responsibility of the Client from go-live
- Ongoing support is not included and is available at an agreed hourly rate subject to availability
- Any additional development outside the agreed specification that generates new revenue-generating capability for The Licence Hub will be scoped separately and negotiated at a mutually acceptable rate before work commences

4.1 Late Payment

If any payment instalment is not received within 7 days of the due date the Service Provider may suspend development until payment is received. The go-live date will be adjusted accordingly with no penalty to the Service Provider.

5. Intellectual Property

All intellectual property in the Platform, including source code, design assets and documentation, transfers to the Client on receipt of final payment. Prior to final payment the Service Provider retains all intellectual property rights.

6. Confidentiality

Both parties agree to keep the terms of this Agreement and all business information shared in the course of the engagement confidential. Neither party may disclose the fee structure, transaction volumes or business data of the other to any third party without written consent, except as required by law.

7. Termination

This Agreement terminates automatically on delivery of source code and receipt of final payment. No ongoing obligations exist for either party after that point.

Either party may terminate this Agreement prior to go-live by giving 14 days written notice. In the event of termination by the Client after work has commenced, the deposit of R10 000 is non-refundable. In the event of termination by the Service Provider prior to go-live, any portion of the deposit attributable to work not yet completed will be refunded to the Client.

8. Limitation of Liability

The Service Provider's total liability under this Agreement is limited to the total fees paid by the Client in the 3 months preceding the event giving rise to the claim. The Service Provider is not liable for indirect, consequential or loss of profit claims.

The Service Provider is not liable for:

- Downtime caused by third party services (Paystack, Render, Supabase, WhatsApp Business API, Meta Cloud API)
- Data loss caused by the Client's actions or instructions
- POPIA non-compliance arising from the Client's failure to register as an Information Officer or obtain required consents
- Revenue loss caused by market conditions or the Client's business decisions

9. Data and POPIA

The Client is the Responsible Party under POPIA for all personal information processed through the Platform. The Service Provider acts as an Operator under instruction from the Client.

The Service Provider agrees to:

- Process personal information only as necessary to deliver the Platform services
- Implement reasonable technical measures to protect data in transit and at rest

- Retain application data for the period configured by the Client in the admin panel. The Service Provider accepts no liability for consequences arising from the Client's chosen retention period.
- Notify the Client within 48 hours if a suspected data breach is identified

The Client agrees to:

- Register as an Information Officer with the Information Regulator before go-live
- Publish a privacy policy on the Platform before accepting client applications
- Obtain valid POPIA consent from all clients at registration

10. Dispute Resolution

The parties agree to attempt to resolve any dispute arising from this Agreement through good faith negotiation within 14 days of written notice of a dispute. If not resolved within that period either party may refer the matter to a mutually agreed mediator. If mediation fails the dispute may be referred to the appropriate South African court of jurisdiction.

11. General

This Agreement constitutes the entire agreement between the parties and supersedes all prior discussions, proposals and representations. It may only be amended in writing signed by both parties.

If any provision of this Agreement is found to be unenforceable it will be severed and the remaining provisions will continue in full force.

Neither party may assign their rights or obligations under this Agreement without the written consent of the other party.

12. Signatures

By signing below both parties confirm they have read, understood and agreed to all terms of this Service Agreement and authorise commencement of the engagement.
